

Contemporary Styled Wood Heaters

New Season Brochure

Blaze slow combustion wood heaters are designed to be interactive with your living space, simple in operation and stylish in looks.

Providing excellent convection heat coverage, the Blaze range meets the current emission and efficiency requirements as set by the Australian Standards. Our heaters are built to provide year after year warmth and come with a 10 Year Warranty. Backed by over 30 years of industry knowledge and expertise by Glen Dimplex Australia, we are proud of our Australian designed Blaze range.

B100

Freestanding Radiant Wood Heater with approved wood storage

FEATURES
 6mm Steel Baffle
 Stainless Steel Handle
 Cast Iron Door
 Ceramic Glass
 Firebrick lining
 6mm Firebox construction
 Weight 115kg

The Blaze 100 is small in foot print but a powerful radiant wood heater with a minimalistic design and easy to use features. Modern stainless steel handle cast iron door, ceramic door glass and constructed with 6mm steel. The B100 is just quirky enough to be uniquely stylish.
